Total: ..... 100%

32 FL. OZ. (1 QT.)

CAUTION: KEEP OUT OF REACH OF CHILDREN | NOT FOR AGRICULTURAL USE

SHAKE WELL | DILUTE BEFORE USE

PCO Choice is an outdoor insect control concentrate handcrafted from cedarwood essential oil. Designed for use on lawns, trees, shrubbery and other outdoor spaces, PCO kills and helps repel fleas, ticks, mosquitoes, mites, and ants. 1 quart of PCO treats approximately 1 acre (40,000 sq. ft.).

### How to Use PCO Choice

In the hose end sprayer, dilute 4 oz. PCO with 22 oz. warm water and shake well. Once mixed, attach hose end sprayer to hose, turn valve on, and begin spraying. Apply to entire outdoor space evenly, including shrubbery and bases of trees. Re-application after heavy rain may be necessary. For best results, apply in the early morning or late evening. Apply monthly or as needed.

**Precautions/First Aid:** Do not spray on reptiles, birds, or beneficial insects. Not intended for animal or human application. Keep out of reach of children. Avoid eye contact. In case of eye contact, flush with water. Use in a well-ventilated area. If ingested, rinse mouth and drink plenty of water. Consult a physician. Do not spray on surface waters.

**Storage/Disposal:** Store closed in a cool, dry, and well-ventilated place. Avoid direct sunlight. Dispose in accordance with applicable regional, national, and local laws and regulations.

*Cedarcide represents that this product is exempt from EPA registration under FIFRA rule 25(b) due to being a minimum risk pesticide.*
